PNSF: Plastic Nose Short Flange

- Available in Galvanized or Stainless Steel

This is the standard short flange with a high impact, non-rusting plastic nose and is excellent for heavy rain, high humidity and salt air climates. It is also useful to the fireproofing industry for boxed and contoured "I" beams.

Shaped for exterior corners on doors, windows and panel systems where a short flange or stop is needed. It offers one nominally 2 3/8" leg and one short 1 1/2" leg. Available in stainless steel to be used with absolute confidence in harsh environments. Recommended for use with acrylic finishes.

Per Carton

Total Feet: 300'

Pieces: 30

Length: 10'

Materials:

Class 1 G60 Galvanized (17.5 Gauge Wire), Stainless Steel (17.5 Gauge Wire) 316L Stainless 18% Chromium
