

POZALITE®

POZALITE® is a unique concrete/stucco enhancer that improves pumpability, strength and open-time of cementitious materials.

Instructions For Use:

Add 4 lbs. POZALITE® to water in mixer, then add one bag of common cement and sand/aggregate.

Clean Up And Start Up:

To lubricate hose and prevent packs, add 1 lbs. POZALITE® to a water wash before pumping cement.

When used as designed, POZALITE® presents no safety or health hazards. As a precaution, wear respirator or dust mask to avoid inhalation of dust. Wet material may be very slippery.

SDS available.
