

DAB: Drywall Archbead

- Available in Galvanized or Stainless Steel

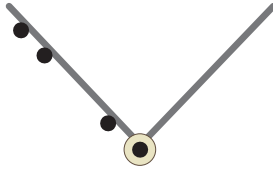

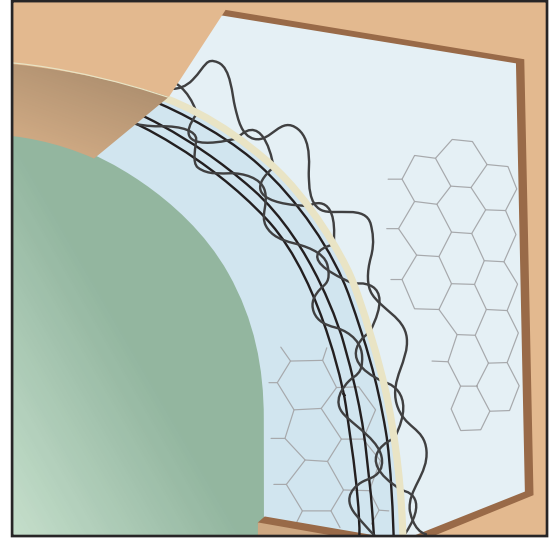

Stockton Products' Drywall Archbead is designed for the tough job of drywall or veneer plaster arches. The high impact PVC bead helps to form a smooth, slightly rounded corner which is extremely durable in high traffic areas. The short 1 1/2" legs are easily covered. Recommended for use with acrylic finishes.

Per Carton

Total Feet: 400'

Pieces: 40

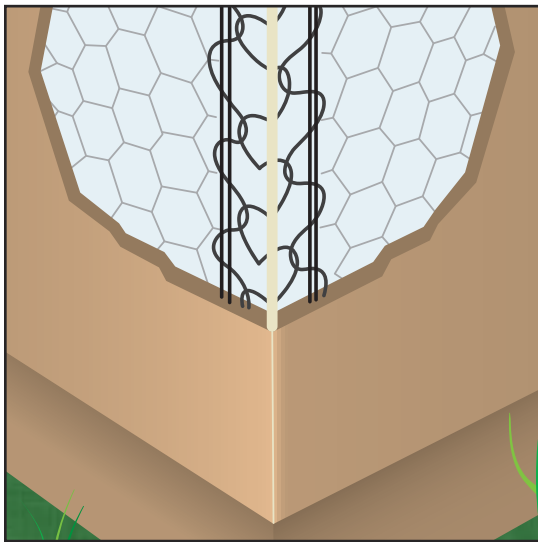

Length: 10'

Most Common Part Numbers:

10DAB Drywall Archbead; GS, 10'

10SSDAB Drywall Archbead: SS, 10'

DCB: Drywall Cornerbead

- Available in Galvanized or Stainless Steel

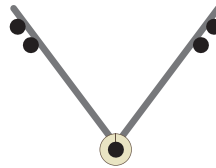

Designed for interior or exterior corner reinforcing for 1/4" or 3/8" stucco or plaster where a plastic or exposed nose is desired. It has short 1 1/2" legs. DoubleWire has an additional wire on the outside edges to provide additional nail points. Recommended for use with acrylic finishes.
