XLF: XL Foundation Screed

- Superior™ Moisture Protection
- Available in Copper, Galvanized Steel, Zinc, Stainless Steel or Aluminum

Stucco installation guidelines require stucco to be held up off of hardscape. Provides an extended back leg to protect waterproof membranes. Matching factory miter-cut, solid-soldered inside and outside corners are available, giving you moisture management confidence throughout the entire installation.

Note: Weep holes are available in some configurations. Please call for details.
